PRESERVATION**
*Preserving Place And Community
For Future Generations*

RE: Public Policy Committee

Missouri Preservation is currently looking for individuals who have an interest in joining the Public Policy Committee. The committee focuses on promoting and expanding public policy in the best interests of historic preservation through dissemination and education. Our goal is to assemble a Public Policy Committee with regional connections throughout the state of Missouri. Most committee meetings take place over the phone, however there may be certain occasions when meeting in person is essential. If you are interested in joining the Public Policy committee, please email me at: pwolf@enhancedhistoric.com or call us at: 573-443-5946

Thank You,

Patrick Wolf

Chair, Public Policy Committee
