

MISSOURI PRESERVATION

Preserving Place And Community For Future Generations

ANNUAL CORPORATE PARTNERSHIP PLAN

When you support Missouri Preservation, you help ensure that the places which matter most to Missouri's history will remain for future generations. We wanted to streamline and simplify the process for annual contributions while extending the impact on our programs and strengthening the partnership between our organizations. Giving at one of the following levels will make you an **Annual Corporate Partner** of Missouri Preservation which includes year-long recognition across our platforms and annual programs as well as additional benefits exclusive to our partners.

Partnership is available at three levels: \$3,000, \$5,000 and \$9,000 (payment plans available). Read on for details on the associated recognition in the following categories:

1. Our Communications
2. Statewide Preservation Conference
3. Honor Awards
4. Places in Peril
5. Other Offerings

*** Denotes benefits exclusive to Annual Corporate Partners

We hope you will take a moment to consider our proposal and we look forward to exploring how this program can be of service to you and your organization while helping us build a better future for preservation in Missouri.

Sincerely,

Riley Price

The Conference

Held in a different Missouri community each year, the annual conference brings together 200+ individuals from a variety of preservation-related disciplines for 3 days of networking, educational sessions, and workshops. Moving to a different community each year highlights the variety of history and architecture in Missouri, boosts local tourism, and brings the conference within reach of those who might not wish to travel. By supporting our conference, you help keep our registration costs low and the conference more accessible to those interested.

Honor Awards

Missouri Preservation holds the Honor Awards annually at the Missouri State Capitol in Jefferson City to recognize outstanding people and projects in preservation. The ceremony in the Capitol Rotunda is followed by a luncheon at a nearby historic venue. This event is exclusive to Missouri Preservation members, Missouri legislators, Honor Award recipients and their guests. It is considered our ultimate “feel-good” event and emphasizes the positive impact that historic preservation has on our environment, our economy and our communities.

Places in Peril

Instituted as a media campaign in 2000, the program calls attention to endangered historic resources in Missouri that are threatened by deterioration, lack of maintenance, insufficient funds, imminent demolition or inappropriate development. By publicizing these places we hope to build support towards each listing’s preservation. A new Places in Peril map was implemented in 2020 to showcase the conditions and locations of all the places listed since the program’s inception.

Other Offerings	Bronze \$3,000	Silver \$5,000	Gold \$9,000

Other Offerings

Missouri Preservation is invited to present to various Certified Local Government communities around the state throughout the year, generally teaching on the Historic Tax Credit and the Secretary of Interior’s Standards for Historic Rehabilitation. We also host small events in historic locations across the state as we are able.
