

## SESSION PROPOSAL FORM

Missouri Preservation is soliciting session proposals and presenters for the 2026 Missouri Preservation Conference. The mission of the conference is to offer opportunities that will develop and enhance the knowledge, experience and skills necessary in the preservation of architectural and historic landmarks which embody Missouri’s unique heritage and sense of place. Information on past conferences can be found at [preservemo.org/we-educate/conference](http://preservemo.org/we-educate/conference).
